

***HD FIRE PROTECT PVT. LTD.***

## **Environment, Health & Safety Policy**

HD FIRE PROTECT PVT.LTD is committed to protecting the Environment.

HD FIRE PROTECT PVT.LTD is committed to safeguarding its employees from physical injury and keen on preserving their long-term health. This concern to control the impacts of its activities, products and services to prevent Injury & Ill health applies to all of its employees, but also to all contract / temporary personnel and visitors.

HD FIRE PROTECT PVT.LTD. is committed to complying with the applicable legal & statutory requirements and keen to continuously improving its management processes for managing Environment, Occupational Health & Safety Policies with focus on Excellence.

HD FIRE PROTECT PVT.LTD. has placed risk assessment at the core of its occupational risk prevention approach. Risk assessment makes it possible to periodically define goals and action plans, as regards organization of work, material resources, training and informing staff.

The analysis of environmental aspects and their impacts, Occupational Health & Safety hazards and associated risks, incident and hazardous situations, will serve as a basis for drawing up prevention plans as well as preparing all employees for emergency situations (e.g. occupational incidents, fire, ill health etc.)

We shall ensure that these principles are known, understood and applied by the company so that our Environment, Occupational Health & Safety Policy translates into strengthening of our actions and into a continuous improvement in our results.

We will regularly review that these principles are being put into practice.
